Welcome to Jupiter Artland. A walk around the artworks will take you about two hours but take longer if you wish. Set off in whichever direction you like and see the artworks in whichever order you like. This map shows you where the artworks are in relation to each other, the house, the

Steadings and the other landmarks. But there is no set route. Make your own journey. Discover and enjoy.

Look out for information signs ★ commemorating the locations of former temporary exhibitions and our Emerging Artist programme.
